

SHIELD^{me}TM

DISPOSABLE ANTI-SKID BOOT & SHOE COVER

SHIELD^{me}TM range of Shoe & Boot covers are made from high quality Polypropylene, a thermoplastic designed for cleanliness with a non-skid sole, and designed to offer complete protection of the feet. They are disposable, allowing you to quickly change in and out of protective wear.

- Waterproofing or splash resistance for increased protection
- Elastic tops and plastic ties for ease of application
- Lightweight to improve mobility throughout the work day
- Reinforced, non-skid soles for increased stability
- Suitability for indoor and outdoor use in a range of areas
- Extra large sizes for larger Shoes & Boots
- Packing 100 pcs per Bag/Kit

Characteristic	Specification
Material Composition	Non-woven spun bonded Polypropylene Edge: Polyamide Elastic (Warning: the elastic contains poly-isoprene. The source, natural or synthetic, cannot be determined through testing)
Description	Rectangular piece of non-woven fabric folded on the length and closed on each side. Features an elastic closure on the top opening and an elastic fixed inside the sole, on the fold, covered by a piece fabric.
